

Kaplan Nursing Admissions Test

The Kaplan Admission Test is a requirement for admission into the Nursing Program at New England Institute of Technology. The test is used to evaluate your reading, writing, science, and math skills specific to nursing.

When may I take the Kaplan Admission Test?

When you successfully complete the Accuplacer Assessment with the following scores you are eligible to take the Kaplan Admission Test:

Reading ≥ 253

Writing ≥ 18

Arithmetic > 265

Alternatively, you may qualify for the Kaplan Exam with specific GPA and previous courses completed. Your admissions officer will inform you of the correct pathway following initial transcript review.

***You may take the Kaplan Nursing Entrance Exam a maximum of two times within 365 days, scoring a minimum of 77 for Associate Degree RN program eligibility (64 for Practical Nurse).**

Overview of the Kaplan Admission Test

PLEASE NOTE: Contrary to what is stated in the Kaplan study guide, you may not skip around on the actual test and must answer all questions in the order presented during the test

READING: The reading section contains 22 questions to be answered in 45 minutes. Applicants read four passages and answer questions that measure the essential skills required for reading:

- Determining the logic of a passage
- Comprehending details
- Drawing basic inferences
- Identifying the purpose of a passage

MATH: The math section contains 28 questions to be answered in 45 minutes. The test measures the candidate's ability to apply mathematical principles in the following areas:

- Conversions
- Operations
- Ratios
- Word problems

WRITING: The writing section contains 21 questions to be answered in 45 minutes. Applicants read nine passages and answer questions that measure the essential skills
