Three NEIT Degrees = Great Success

Benjamin Robin, a student from the British Virgin Islands, began his educational journey at New England Tech when he earned an Associate in Science degree with honors in Architectural Building Engineering Technology in 2018. To expand his knowledge, he earned a Bachelor of Science degree with honors in Architectural Building Engineering Technology in 2020. Ben continued his studies and received a Master of Science degree in Construction Management in 2022. Combining his education and extensive work experience, Ben shares his success with TechNewsreaders.

What made you decide to attend NEIT?

"I had been drafting and designing for years without a degree, and I was looking for a hands-on approach to learning which was what I was looking for."

Why did you choose your program?
